This Warranty does not apply to: (a) damage caused in shipping; (b) any cosmetic damage that does not affect the usage or performance of the Product; (c) damage caused by the failure to maintain the Product in accordance with Seek’s written instructions; (d) damage caused by the usage of the Product in both a firefighter service environment and a non-firefighter service environment; (e) damage caused by improper storage or transportation; (f) damage caused by neglect or abuse; (g) water damage that caused by a damaged camera housing; or (h) normal wear and tear.

If You make a valid Warranty claim, Seek will, at its sole option and discretion, (a) repair the Product using new or previously used parts that are equivalent to new in performance and reliability; or (b) replace the Product with a product that is at least functionally equivalent to the Product.

If Seek repairs the Product, it will be returned to You as originally configured when purchased, subject to applicable updates. You are solely responsible for your software, data, and settings.

This Section describes what you should do if You discover what you believe is a defect for Your Product.

1. **Packing.** Once an RMA is issued by Seek, securely package and ship the Product to Seek. If possible, package the Product in its original packing.
2. **Shipping to Seek.** Seek will provide the sender with the ship to address when it provides the sender with the RMA number. The sender must include the RMA number on the outside of the packaging. Seek must receive the defective Product within thirty (30) days from Seek's issuance of the RMA number to the sender.
3. **Determination of Warranty Claim.** Once Seek receives the Product from the sender, Seek will inspect the Product to determine whether the defect is covered under the

Warranty. If Seek determines that the defect is covered by the Warranty, it shall repair or replace the Product as described under “Seek’s Responsibility Under the Warranty” above. If Seek determines that the defect is not covered by the Warranty, it shall notify the sender of the Product and provide an estimate of how much it would cost to repair or replace the Product and ship it back to sender. Upon receipt of a purchase order or prepayment from the sender, Seek shall undertake the repairs (if applicable) and ship the repaired or replaced Product back to the sender.
